## Information for the insured person

Before you leave the country where you are insured to go to another Member State to work, you should ask your sickness and maternity insurance institution for an E 128 form or E 106 form, as appropriate. If you or a member of your family require benefits in kind (e.g. medical treatment, medicines, hospital treatment, etc.) in the country where you are working, you should follow the instructions given on the appropriate form. If you have an E 106 form you should submit it as soon as possible to the sickness and maternity insurance institution of the place where you go in order to work. If you have an E 128 form, you should keep it until you require medical treatment. If you are not in possession of the said form, the latter institution should request it from the institution with which you are insured.

## Information for employers

A Member State which receives a request for the application of the aforementioned Article 14(1), Article 14b(1) or Article 17 of Regulation (EEC) No 1408/71 shall duly inform the employer and the worker concerned of the conditions under which the posted worker may continue to be subject to its legislation.

The employer shall be informed of the possibility of checks throughout the period of posting so as to ascertain that this period has not come to an end. Such checks may relate, in particular, to the payment of contributions and the maintenance of the direct relationship. Moreover, the employer of the posted worker shall inform the competent institution of the sending State of any change that has occurred during the period of posting, in particular:

- if the posting applied for has not taken place or if the extension of the posting applied for has not taken place,
- if the posting has been interrupted, unless this interruption of the worker's activities on behalf of the undertaking in the country of employment is of a purely temporary nature,
- if the posted worker has been assigned by his employer to another undertaking in the State of employment.

In the first two cases, he/she shall return this form to the competent institution of the sending State.

## Information for the institution of the place of stay

If the person involved produces the proper certificate (E 128 or E 106), the insurance institution in the country of stay will also provide him provisionally with benefits in the event of an accident at work or an occupational disease. If in such a case the institution requires certificate E 123, it should apply as soon as possible:

in Belgium, for employed persons and as regards an occupational disease, to the 'Fonds des maladies professionnelles/Fonds voor Beroepsziekten' (Occupational Diseases Fund), Brussels, and as regards accidents at work to the insurance company designated by the employer

Where the worker is covered by the French social security scheme, the fund which is competent to recognise entitlement to benefits is his insurance fund, which may not be the one appearing on form E 101. It will be necessary, where appropriate, to request forms E 128 or E 123 from the fund of the worker's place of habitual residence.

Where a self-employed person is covered by a Finnish or Icelandic social security scheme it will always be necessary to request form E 123.
